INFORMATION

Roberts® GT Extendable Knee Kicker is a fitters best friend. It has a wider head for improved load distribution and an easy to use trigger release which adjusts the length from 44.5cm-54.5cm. The high contour neck has been designed to fit over stretcher heads and poles. The head has also been centrally grooved for adjusting a power stretcher head.

Replacement Parts:

R41203 - Nap Grip Inserts

R41204 - Pin Plate Assembly

R42209 - Kicker Bumper With Screws
