

18V Cordless Power Mixer

R1012C

Paddle Included

Roberts 18V Cordless Power Mixer is a versatile mixer with up to 40 minute run time from a full charge*. It is compatible with paddles with M14 thread types. The 2-speed gear box with variable 6-speed dial gives greater control for cleaner mixing. The powerful, brushless motor gives the mixer a longer lifetime and allows for mixing of heavier compounds. The ergonomic dual handle design increases comfort and reduces stress on the user. At only 3.4kg, the machine is lightweight for ease of use and manoeuvrability.

6-SPEED DIAL

Gives greater control over the speed of the motor

ERGONOMIC HANDLE

Comfortable design to reduce stress on the user

TRIGGER LOCK

Safety mechanism prevents accidental start

DUAL BATTERY

For increased run time

ROBUST GEAR CASE

Die cast metal gear case protects the motor from damage

VERSATILE

Compatible with all paddles with M14 threads

BRUSHLESS MOTOR

Gives the mixer a longer lifetime and additional power for mixing heavier compounds e.g. concrete

2-SPEED GEARBOX

Allows for a soft start to reduce splattering while not reducing power

2 Speed Setting with no load speed and softstart: 0-450 / 0-720rpm

*Run time is dependant on material being mixed.

Material: Paint Adhesives Concrete
Working Time: 40 minutes 30 minutes 16 minutes
